

Fulcrum WiFi - Survey Checklist

Things we want to know BEFORE setting up your Social Powered Wi-Fi Network

	Questions	Comments
	Is there an existing Wi-Fi network in place? If so, are there any existing network statistics to work with?	
	How large is the location (approx sq ft)?	
	Is there a facility diagram (or rough sketch)?	
	What is the required WiFi coverage area? (entire location or just sections)	
	Is Wi-Fi required indoor/outdoor or both?	
	How many people are in the location during peak time? (campaign specific)	
	Is there a high speed Internet connection and ethernet cables in place? If so, can you use it?	
	Who is the ISP(Internet Service Provider)?	
	What is the speed of the connection UP and DOWN speeds?	
	Will you need to run new ethernet cables?	
	Estimated types of data usage?	
	Is there a POS (Point-of-Sale) system on the network?	
	Is there an IT company or consultant you currently work with?
